# Take your first step towards stress free Accounts!

VillageMall® Business Services provides the all-in-one solution for the small business owner, allowing you to concentrate on the business while we perform the “back-office” functions for you.

- Agreed Monthly fee; no hourly charges; no capital investment; no software installation;
- Significant savings over traditional BookKeeping services;
- Use your existing fax machine; secure online access to your accounts;
- Manage cash flow; accelerate receipts and shorten the billing cycles;
- Most importantly, leaving you with more time for business and your family.

## **Simple, Easy, Affordable.**

Before the introduction of GST you simply ran your business, then packed up your bills, bank statements, cheque book butts and sales invoices into a “shoebox”, delivered it to your accountant, and your tax statements and financial reports were done for you for what seemed to be a reasonable price.

VillageMall® **Web Bookkeeper** brings back those “good old days”, only better, because we do it all for you in a quicker, cheaper and easier way.

***Your accounts are just a click away...***
